

We are looking for a temporary field assistant (1-2 weeks), conducting field work in Southwestern Sweden within a PhD project on Evolutionary Physiology of moor frogs. Depending on the frogs' breeding season, the position will start around end of March/beginning of April.

Good driving skills are required.

We are looking forward to talk to interested candidates!

Best, Jelena Mausbach (PhD student) and Katja Räsänen (PI)

Please contact Katja Räsänen (katja.rasanen@eawag.ch) or Jelena Mausbach (jelena.mausbach@eawag.ch) if you are interested.
