The Baltic Sea Youth Camp is hosted by the organization Baltic Sea State Subregional Co-operation (BSSSC) in cooperation with Regeneration2030 and the Council of Baltic sea States (CBSS), it is an event for youth (18-25 years old) which aims to strengthen the youth engagement and cooperation in the decision making in the Baltic Sea region. The event has a packed program with activities, ranging from workshops, cultural activities, sporting events and much more.

The BUP will be present with both a delegation of students as well as hosting two workshops (“ImPACT” and “In the Loop”). We are now looking for 10 students that wish to participate in the event as participants or as workshop assistant (or both).
