

Are you interested in
student-driven projects?

Do you want to learn more about
synthetic biology?

Have you heard about iGEM, the world's
biggest student competition in synthetic
biology?

iGEM Uppsala
is looking
for you!

Meet Biology Education Center (IBG) and the
iGEM Uppsala association to learn about a
15 credit course that is student-driven,
cross-disciplinary and linked to global
sustainability goals.

Info meetings:

19th of September, 17:30

3rd of October, 17:30

Room: A7:111a, BMC

Course information day:

27th of September

Contact us: info@igemuppsala.se
