## Vulcanus in Japan programme - Session 2024 -2025

<http://www.eu-japan.eu/events/vulcanus-japan>

Dear Sir or Madam,

We are re-launching the "Vulcanus in Japan" programme through universities in the EU or in SMP-associated countries.

The programme VULCANUS IN JAPAN offers **industrial placements in companies in Japan** to citizens of an EU Member-State or an SMP-associated country, who study engineering, high-tech or other scientific fields, *enrolled -when applying- in between the 4th official year of studies and the penultimate year of PhD. (Should your university offer only a 3-year course of studies, your students will not be eligible. In this case, please disregard this e-mail).*

The programme lasts 8 months, from August 2024 to March 2025.

You will find **more information for your attention in the documents listed below.**

In compliance with our environmentally friendly policy, we are only sending you this promotional information by e-mail (not by post). Please forward it to your students.

*Please contact us if you wish to receive a promotional poster by post.*

We would be grateful if you could **promote this programme within your university.**

Applications must be submitted online, **by 20 January 2024.**

To prepare their application, students must obtain some documents from your university, including a certificate of enrolment (or equivalent document) in English. We would be very grateful if you could support them.

Below, all the relevant links (shareable with your students) with information on the programme and on the application process.

Should you require further details on this scheme, please do not hesitate to contact us.

Thank you very much for your kind support, and for your interest in the Vulcanus programme.

Margherita Rosada – Vulcanus Manager
